## SUMMER STUDENT JOB POSTING:

**Black Mountain Irrigation District** is looking to hire a summer student for 2026.

The successful student applicant will be performing a variety of general labour tasks to provide relief for the crew's seasonal workload. The student will be employed from April/May through August/September (dependent on their availability).

The student will be exposed to a variety of situations that they will encounter as a Water Distribution Operator or Water Treatment Operator, which will provide a good overall learning experience. They will see all aspects of a water distribution system and related treatment facilities.

The bulk of the student's duties will involve manual labour, such as maintaining our properties (weed whacking, mowing) or assisting with repairs (working with other operators, digging, general clean-up of site etc.).

Attached is the job description for the position of Labourer. A summer student is deemed a 'casual' unionized position under the CUPE/BMID Collective Agreement, with the rate of pay set at \$33.78/hour, plus 14% paid in lieu of benefits, sick days and holidays.

**Interested applicants should send their resumes to [info@bmid.ca](mailto:info@bmid.ca) , clearly marked "Summer Student Position". Alternatively, resumes can be delivered directly to the BMID office at 285 Gray Road, Kelowna, BC, V1X 1W8.**

This job posting closes at 3:30 pm, February 6, 2026.

*We thank all applicants for their interest, however only those chosen for an interview will be contacted.*
